Out of the Box Experience

What you need, when you need it

Nobody wants to unpack a product and have to arrange everything on limited floor space before they can even get started with their installation, right? We certainly don't!

Easy instructions

Your product comes with a simple instruction manual that ensures the installation process is clear and easy to follow. Plus, the handy wall template takes the guesswork out of where exactly to drill the holes in the wall.

Clutter-free

All SANUS products are cleverly packaged so that you only see the parts and hardware you need, as and when you need them during the installation.

Everything you need

To ensure compatibility with all major TV brands and wall types, we include comprehensive hardware packages: a variety of screws, bolts, spacers, and wall fixings are provided.

Mounting your TV is easy

1-2-3 fast and easy installation

We get it, the idea of drilling holes in your wall can be intimidating, but with our 3-step install process, it's really an easy DIY project.

Attach the Bracket to Your TV

Choose bolts that fit your TV.
All hardware included.

Attach the Wall Plate to the Wall

Our HeightFinder tool can help you to find the perfect height for your TV. Plus, use our handy SANUS wall template to define the drilling holes.

Hang the TV on the Wall Plate

This is the easiest step. Lift up your TV and click it into place. Thanks to the audible ClickFit™ technology you can be rest assured the TV is secure.
